Quality Rebinding Reduces Your Costs

To Librarians, this may seem rather a bold statement, but to Dunn & Wilson it is a perfectly feasible one.

The fact that a book quality rebound will last much longer enables the cost-conscious librarian to stretch his budget that much further.

Dunn & Wilson have been quality rebinding to the Libraries throughout the U.K. for over 60 years and are proud of their association. Why not contact us now, better still send us your books for, you will agree quality rebinding can reduce your costs.
